**2004 Local Chapter Activities:**

We were very fortunate to have a rather full program this year. In March we held a joint meeting with the IEEE at NC State campus. Dr. Rob Baric discussed breakthrough 2004 technologies for the rapid painless diagnosis and treatment of repetitive injuries. Our summer picnic was held on June 13th, good fun and good food. Dr. Kevin Caves spoke at our August meeting. He is the Director of the Rehabilitation Engineering Research Center on Communication Enhancement at Duke University Medical Center. A copy of his presentation, Communication Devices for People with Speech Disabilities, is available from our web site. In October, Betty Copeland, Anita Goehringer and Gary Mirka, PhD presented their work on the AFMA (American Furniture Manufacturers Association) Voluntary Ergonomics Guideline for the Furniture Manufacturing Industry and Implementation Handbook. Lastly, our yearly Christmas party is scheduled for December. It was a good year for the chapter.
